Space for Cycling Petition**

We the undersigned urge all Derby City Councillors to sign Derby Cycling Group's Space for Cycling Pledge, to enable the creation of a better cycle transport environment in Derby.

Space for Cycling Petition

Space for Cycling in Derby

Published by Derby Cycling Group : January 2016

Background (Preamble):

Derby City Council needs to be more vigorous and rigorous about developing a better cycling network which encourages more people to cycle more often. Derby city councillors are pivotal in enabling that vigour and rigour.

Derby Cycling Group have had enough of city council departments and new projects failing to deliver even the most basic facilities for cyclists. Our Space for Cycling campaign wants to get Derby City Councillors to recognise:

- The benefits that cycling can bring to Derby and it's citizens,
- That much more must be done to make cycling a really attractive means of transport for everyone in the city
- To create policies that will deliver a cycle network worthy of the name.
- To get the city council to deliver real changes to enable more people to cycle more often and more safely

Derby Cycling Group want better facilities for cyclists – MORE SPACE FOR CYCLING.

How can that be done?

- **Get political support for a better cycle transport environment**
- Create a cycle transport strategy for Derby
- Build the network
- Promote cycle transport

Use the six Space for Cycling themes to determine what will be done to make cycle transport more attractive in Derby:

1. Protected space on main roads
2. Removing through motor traffic in residential areas
3. Lower traffic speeds
4. Cycle-friendly town centres
5. Safe routes to school
6. Routes through green spaces

Derby Cycling Group is asking all city councillors to sign our Space for Cycling Pledge:

"I support the aims of the Space for Cycling Campaign in Derby and will promote them in my ward and throughout the City Council"

Petition Text:

We the undersigned urge all Derby City Councillors to sign Derby Cycling Group's Space for Cycling Pledge, to enable the creation of a better cycle transport environment in Derby.
