## Sustrans and the National Cycle Network in Derby

Sustrans are the champions of The National Cycle Network. The NCN is a series of safe, traffic-free paths and quiet on-road cycling and walking routes that connect to every major town and city.

Derby has fantastic NCN routes from the city centre to surrounding neighbourhoods, towns and countryside.

Our volunteers are crucial in maintaining the NCN and promoting cycling and walking.

We are looking for more people to help us promote cycling and walking in the city, and to keep the local routes attractive and in good condition all year round.

This involves organising workdays to keep routes in top riding condition, leading rides, painting artwork, promoting wildlife and talking to people at events about sustainable travel in Derby.
