  - **FILM - Cycling: The New Normal**  
Hardy has produced an excellent short film to promote & encourage cycling. The film incorporates a vast & diverse cross-section of local Derby people to inspire viewers into cycling with a 'feelgood' vibe. To date the film has had over 3200 views on Facebook from people across the country.
  - **Derby COVID-19 Emergency Active Travel schemes**  
Tranche 1:  
A number of temporary pop-up schemes having been suggested by the council. Nothing seems to be in place so far and specific details aren't available. It should be noted that other councils elsewhere have displayed details on the internet and have introduced traffic schemes already  
Tranche 2:  
This is also proposed and is believed to consist of temporary/permanent proposals that require public support.
  - **Friargate Planning Application**  
The deadline for the Traffic Regulation Order closed on Friday 3<sup>rd</sup> July. Objections have been raised on numerous aspects of this application. Primarily it removes cycling infrastructure, when the council should be improving facilities, and also the scheme will increase traffic/pollution on nearby roads.
